

WHAT'S NEW

GRINDLINES

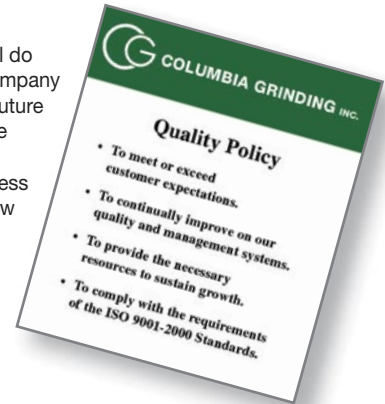

NEW 42" DOUBLE DISC GRINDER

We now offer precision grinding for parts up to 20" in diameter. Our Paddle Type Disc Grinder has high horsepower so we can remove stock fairly effectively.

ISO 9001: 2000 CERTIFICATION

We feel that ISO will do the same for our company in the present and future that S.P.C. did in the past. It gives us the structure and business system that will allow us to be consistent. ISO will help the growth of our business.

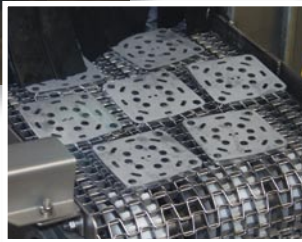

NEW FLAT HONING/ FINE GRINDING SERVICE - SEE WEBSITE

PARTS WASHER

Small parts washed efficiently cleans and dries ground, lapped, or flat honed parts. Save time and ready your parts for production.

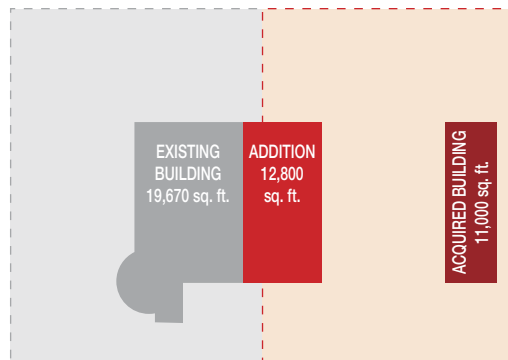

VALUE ADDED PACKAGING SERVICES

We offer packaging of your ground and cleaned parts—as special as you want packaging to be. Finished parts are protected and arrive ready for your manufacturing.

BUSINESS GROWTH & BUILDING EXPANSION

New addition of 12,800 sq. ft. of manufacturing and newly acquired 11,000 sq. ft. industrial building.
